

## HOGS 2-2 HIGHER

Light Receipts and Trading Active.

TOPS UP TO \$4.25

Cattle Steady With Mixed Line Offered.

The local market yesterday for hogs was quoted as strong to 25 cents higher. There was a light run of hogs on the market, but all of them sold at once at the best market prices. There was a strong tone to the market all over, and hogs brought the best prices possible. Four cars were received at the yards, and were sold to the Dold Packing company, and at prices in advance of the quotations of late. One load of extra heavies went at figures considerably beyond the quotations of late. All the cars were sold within a small range and only one had any dockage. Outside of the top load the bulk range was \$4.10 to \$4.25. The average weight was 235 pounds, the heaviest weighing 250 pounds. The market has been better at this market in a long time. The receipts were below those of the day before, and were about in line with those of the other big western markets. It was not a heavy day on the local market, but all hogs received were sold at once and at the best market prices. There was a let down in the volume of receipts all over yesterday, and none of the large receiving points reported any heavy receipts. The wagon trade was light, as was also the car receipts. The dockage was very light, only one car load of the entire day's offerings showing any dock. As compared with other western markets, this market was held the best, and the sales were at the best prices. The demand was good and the local packing call was more than sufficient to take in all the offered hogs. The top prices paid for hogs yesterday were 5 cents above the top prices paid the day previous, and were in line with the prices paid for hogs at all the main receiving points.

**CATTLE.**  
The cattle market yesterday was made active by some scattering lots of local offerings, and the few hogs which came in with mixed cars of cattle and hogs. All the cattle which could be sold on this market were promptly disposed of and at the very best prices. Stockers and feeders were especially in demand and this made sales ready, as did the butcher stock.

## SHIPPERS AND NOTES.

B. P. Forrest of Ansonia was a shipper yesterday of the best car of hogs which this market has received in a long time. This car was made up of heavies, lacking only 3 pounds of reaching the 300 mark, and they sold at the top price of the day. These were extra good hogs and sold well, as all hogs of worth and quality always do at this market. The Dold Packing company bought them. Shiner & Blair of Lyons were shippers of heavy hogs which sold at the next to top price.

Franklin & Sheppard of the Oklahoma delegation were shippers yesterday on the market, their load being in charge of Mr. Shepherd. Mr. Shepherd says that his section has received some very good rates lately and all conditions look very favorable. Marketable hogs, he says, are not very plentiful, and it now takes about three weeks to get together a car of hogs which formerly took about one week. Stock hogs are scarce, and the late winter showed that farmers and breeders were not so lucky with blood and milk, and the result is that there are not so many hogs in the market.

The results of the hauling yesterday were as follows: Santa Fe, 5; Frisco, 2; Rock Island, 1.  
Ed Weidman of Augusta was a shipper of medium weight hogs which sold at a good bulk price.  
Delaney & Alexander of Coates were shippers of 3 cars of cattle, all stockers, which were yarded for feed and rest in the pens.

Ray Scott of Mainz was a shipper of a car of stock hogs for his own use in breeding and feeding.  
The Dold shipments yesterday were heavy all through the several districts. There were four local cars sent out and the express and straight contract cars were also heavy. It was a good day for the plant and all divisions contributed to the output.

Provisions yesterday were quiet and about steady, though there was some liquidation of pork. Hog markets were firm, and this fact influenced provisions. Lard sold steady at \$2.75, and cash the steady at \$2.75.

Cash yesterday was 1.37, the best in a long time. The receipts were lighter, but the quality was very fair on the whole.  
The Russian government is making an effort of which the state department is informed through a report by United States Consul Hennessey, at Odessa, to comply with the British cattle trade for a share of the Russian cattle trade. Russian cattle hogs and other animals have been excluded from England heretofore, but the Russian government has secured the appointment of a committee of experts to examine the Russian cattle, and to report on the government expense, to ascertain the exact condition of the ranges, with a view to the removal of the prohibition.

## LIVESTOCK MARKETS.

## CHICAGO.

Chicago, Sept. 19.—Cattle.—Trade in cattle was rather slow today. Good fat cattle brought strong prices, while ordinary grades were inclined to weakness. Good to choice cattle sold at \$3.60 to \$3.75; common to good, \$3.40 to \$3.55; and feeders, \$3.20 to \$3.35. Hogs.—Receipts, 12,000; sales, \$4.15 to \$4.25; range, \$4.10 to \$4.30. Sheep.—Receipts, 1,000; sales, \$2.00 to \$2.10; range, \$1.90 to \$2.20.

## ST. LOUIS.

## CORN TO THE FRONT

Heavy Buying by Shorts Sets Prices Soaring.

SEPTEMBER GAINS 15-8

Wheat Closes Unchanged to 1-4 Cent Higher.

Chicago, Sept. 19.—Corn was the active deal on 'Change today. Heavy buying by shorts, who were disturbed by the small contract stocks, and rumors of a squeeze, advanced the September price 15-8. December closed 3-8 to 1-2 higher. Wheat was steady under a good deal of bear news and closed unchanged to 1-4 cent higher. Oats advanced about 1-4 cent and provisions closed at practically unchanged prices.
